

WRITER, DESIGNER & HANDLETTERER  
hellowanlin@gmail.com | +65 8128 1371 | hellowanlin.com

“ I’m an aspiring writer who believes that the words we use have unspeakable power to make or break. While being a trained designer and advertisor has inculcated in me an eye for aesthetics and meticulousness to detail, it is using these skills to inject positivity amidst a world of adversity that fulfills me—hence my personal project, Words With Power.

Despite what little I have, I aspire to create works that are purposeful.

---
